

GOVERNMENT AUTONOMOUS COLLEGE, RAJAHMUNDRY

DEEKSHARAMBH (INDUCTION PROGRAMME) REPORT – 2025

Department of Microbiology

1. Department Minutes – Resolution Copy

The Department of Microbiology conducted a meeting to organize **Deeksharambh (Student Induction Programme)** for newly admitted first-year students. It was resolved to conduct structured orientation activities to familiarize students with academic, laboratory, and institutional facilities.

The department approved the programme schedule, activities, and faculty responsibilities.

2. Brief Note on Programme

The Department of Microbiology organized **Deeksharambh 2025** to welcome first-year students and support their transition into college life. The programme was conducted from **01-10-2025 to 10-10-2025**.

The programme included guest lectures, interactive sessions, and institutional visits to provide holistic exposure to students.

3. Objectives

- To orient students to the academic environment
- To improve communication and interpersonal skills
- To introduce institutional infrastructure
- To motivate students towards academic excellence

4. Timetable (Day-wise Programme Schedule)

	Activity	Resource Person / Incharge
01-10-2025	Inauguration & Introduction to Department	Faculty Members
02-10-2025	Guest Lecture on Communication Skills	Dr. B. Bhavani
03-10-2025	Interactive Session with Students	Dr. T. Sujatha
04-10-2025	Guest Lecture on Human Rights	Dr. S. Priskilla
06-10-2025	Visit to Central Library	Library Staff
07-10-2025	Visit to Zoology Museum	Faculty – Ms.R.Jyothi Prasanna
08-10-2025	Visit to Geology Museum	Faculty – Ms.R.Jyothi Prasanna
09-10-2025	Visit to Language Departments	Faculty – Ms.R.Jyothi Prasanna
10-10-2025	Visit to Chemistry Lab, Physics Nano Lab & Seminar Hall	Faculty – Ms.R.Jyothi Prasanna

5. Activities Conducted (Consolidated Description)

As part of Deeksharambh, a series of academic and orientation activities were conducted:

- A **guest lecture on communication skills** was delivered by Dr. B. Bhavani, focusing on effective communication in academics and career development.
- An **interactive session** was conducted by Dr. T. Sujatha to motivate students and address their queries.
- A **guest lecture on Human Rights** by Dr. S. Priskilla created awareness about rights and responsibilities.

Students were also taken on **institutional visits**, including:

- Central Library
- Zoology Museum
- Geology Museum
- Language Departments
- Chemistry Laboratory
- Ambedkar Seminar Hall
- Physics Nano Laboratory

These activities provided exposure to academic resources, laboratory facilities, and interdisciplinary learning opportunities.

6. Student Participation

- First-year B.Sc. Microbiology students actively participated
- High engagement observed in lectures and visits
- Students showed enthusiasm in interactive sessions

7. Outcomes of the Programme

- Students became familiar with college infrastructure
- Improved communication and confidence
- Awareness of laboratories and academic resources
- Enhanced motivation towards higher education
- Smooth transition into college environment
