INDUSTRIAL/EDUCATIONAL VISIT REPORT • APRIL 2025

EDUCATIONAL VISIT REPORT

Visit to TU 142 Aircraft Museum & Kakinada Beach

TU 142 Aircraft Museum, Kakinada — Tail Assembly Display at Museum Entrance

ORGANISED BY	Department of Commerce and Management
PROGRAMME	Bachelor of Business Administration (BBA)
DATE OF VISIT	13th April 2025
NO. OF STUDENTS	28 BBA Students
FACULTY MEMBERS	3 Accompanying Members

1. INTRODUCTION

The Department of Commerce and Management organised an educational visit to the TU 142 Aircraft Museum and Kakinada Beach on 13th April 2025. The primary objective of this visit was to provide students with experiential learning opportunities beyond the conventional classroom environment, and to enhance their understanding of aviation history, technology, and environmental appreciation. A group of 30 BBA students, accompanied by three faculty members, participated in this enriching programme.

2. OBJECTIVES OF THE VISIT

The following objectives were identified for this educational visit:

- ▶ To expose students to aviation technology and historical developments in Indian aerospace.
- ▶ To enhance practical knowledge through real-time observation of aircraft systems and components.
- ▶ To promote team bonding, communication, and experiential learning among students.
- ▶ To create awareness about coastal ecosystems, environmental conservation, and tourism management.
- ▶ To bridge theoretical concepts in management with practical industry applications.

3. VISIT TO TU 142 AIRCRAFT MUSEUM

The first destination of the visit was the TU 142 Aircraft Museum located in Kakinada. The museum serves as a significant repository of aviation heritage, showcasing the decommissioned TU 142 maritime patrol aircraft, engines, and aviation-related equipment. Students were able to closely observe aircraft structures, cockpit designs, and engineering components that are otherwise inaccessible in a traditional academic setting.

Museum staff provided detailed explanations covering the following areas:

- ▶ Aircraft functioning, structural components, and aerodynamic principles.

- ▶ Evolution of aviation technology from its inception to modern developments.
- ▶ Maintenance protocols and operational aspects of decommissioned aircraft.
- ▶ Management practices within the aviation industry, including logistics and safety compliance.

Students actively engaged with the resource personnel by posing questions and recording observations. This interaction significantly enhanced their understanding of real-world applications of management principles within the aviation sector. The visit reinforced key concepts in operations management, logistics, and organisational behaviour as applicable to the aviation industry.

4. VISIT TO KAKINADA BEACH

Following the museum visit, the group proceeded to Kakinada Beach. The coastal environment offered a refreshing change of setting while simultaneously providing a platform for students to gain insights into tourism management and the principles of coastal conservation. The beach's natural landscape served as an open-air classroom for discussions on sustainability and ecological responsibility.

Activities undertaken during the beach visit included:

- ▶ Structured group interaction and team-building exercises to strengthen interpersonal relationships.
- ▶ Observational study of the coastal ecosystem, including biodiversity and tidal patterns.
- ▶ Facilitated discussion on tourism potential, sustainable development, and environmental impact.
- ▶ Reflection sessions to correlate field observations with academic concepts in tourism management.

The serene and picturesque surroundings of Kakinada Beach provided students with an opportunity to unwind whilst engaging in meaningful academic discourse. The session underscored the critical importance of maintaining clean beaches and preserving ecological balance — themes directly relevant to courses in environmental management and sustainable business practices.

5. LEARNING OUTCOMES

Upon completion of the visit, students demonstrated enhanced competencies across the following areas:

01	Acquired practical knowledge of aviation systems, museum management, and operational processes.
02	Developed improved observational, analytical, and critical thinking skills through field experience.
03	Enhanced awareness of coastal tourism potential, environmental sustainability, and conservation ethics.
04	Strengthened interpersonal relationships and collaborative skills among the student cohort.
05	Gained appreciation for the interdisciplinary nature of management across diverse industry sectors.

6. CONCLUSION

The educational visit to the TU 142 Aircraft Museum and Kakinada Beach proved to be a highly productive and enriching experience for all participating students and faculty. The programme successfully integrated academic learning with real-world exposure, enabling students to contextualise theoretical knowledge within practical environments. The dual-destination itinerary effectively catered to both technical and environmental dimensions of the BBA curriculum.

Such experiential learning initiatives play a pivotal role in the holistic development of management students by fostering curiosity, professional awareness, and a sense of social and environmental responsibility. It is strongly recommended that the Department continues to organise such visits on a regular basis as a core component of its cocurricular academic strategy.

7. ACKNOWLEDGEMENT

The Department of Commerce and Management extends its sincere gratitude to the Principal, **Dr Ramachandra R.K** for granting permission and providing the necessary support for conducting this educational visit. Special appreciation is recorded for the three faculty members who accompanied and diligently guided the students throughout the day, ensuring both the academic value and safety of the programme.

The department also acknowledges the cooperative staff at the TU 142 Aircraft Museum for their informative guidance, and expresses appreciation to all 30 students for their enthusiastic participation and exemplary conduct during the visit.

To
The Principal/HOD

Sir/Madam,

Sub: Invitation for "TALAASH -2K26" State Level Management Fest,

The Department of Commerce and Management Studies Adikavi Nannaya University, MSN Campus, Kakinada, is organizing a "TALAASH -2K26" State Level Management Fest for the Commerce and Management Students (Under Graduate & Post Graduate) on April 13th 2026.

The main objective of this meet is to provide a platform for interaction among Commerce and Management students and to bring out their talents. Various competitions will be conducted across multiple tracks covering both Management and Cultural events. Around 1000 participants from different institutions are expected, along with eminent personalities from industry and academia.

We cordially invite students from your esteemed institution to participate in this mega event and make it a grand success.

We look forward to your cooperation and active participation.

Thanking you,

Yours sincerely,

Dr. L.Madhu Kumar

Subject: Request for Permission to Attend "Talaash-2K26" Management Meet and Arrangement of College Bus

Respected Sir,

I respectfully request your kind permission to attend the "Talaash-2K26" Management Meet organized by the Department of Commerce and Management Studies, Adikavi Nannaya University, MSN Campus, Kakinada, scheduled to be held on 13 April 2026.

I propose to attend this academic event along with 37 students from BBA (Honours) and the following faculty members from the Department of Commerce & Management:

1. **Dr. B. Prathima**
2. **Sri. M.Y Naidu**
3. **Smt. Haritha Lochana**

The meet includes various management-related events and activities that will provide valuable exposure, learning opportunities, and interaction with students from other institutions.

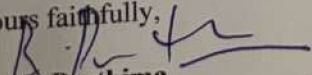

In this regard, I kindly request you to grant permission for our participation. I also request you to **kindly sanction On Duty (OD)** for the above-mentioned faculty members and relieve the applications on 11/04/2026 (AN).

Further, we request you to kindly **arrange the college bus for transportation to Adikavi Nannaya University, MSN Campus, Kakinada, and back** for the faculty members and students.

The list of participating students is attached herewith for your kind reference.

We shall be grateful for your kind approval and support.
Thank you Sir.

Yours faithfully,

Dr. B. Prathima
