Red Ribbon Club & Youth Red Cross Society -Orientation program

By Raviteja Galla

INTRODUCTION

This program was conducted to create awareness on services to the society through Red Ribbon Club & Youth Red Cross Society of our College.

Sitamahalakshmi mam Speech

The Committee member of YRC addressed about the Origin, Growth and it's functionalities.

Principal sir message

Honorable principal sir and Chief guest of this program addressed the RRC and YRC.

> **I'm to be here today to welcome you all to the Orientation program of the Red Ribbon Club and Youth Red Cross Society. These two organizations are dedicated to making a difference in the lives of others, and I encourage you to get involved in their activities**

1. Red Ribbon Club

The Red Ribbon Club is a global movement committed to preventing the spread of HIV/AIDS. The club's mission is to educate and empower youth to make healthy choices and to promote a culture of compassion and acceptance.

2. Youth Red Cross Society

The Youth Red Cross Society is a humanitarian organization that works to provide relief and assistance to people in need. The society's mission is to promote the values of humanity, impartiality, neutrality, independence, voluntary service, unity, and universality.

Later Prakash garu discussed about involvement of student in this clubs

Why get involved?

There are many reasons to get involved with the Red Ribbon Club and Youth Red Cross Society. These organizations provide a unique opportunity to make a difference in the world. By getting involved, you can:

1. Learn about important social issues.
2. Develop your leadership and communication skills.
3. Gain valuable experience in project management and teamwork.
4. Make a positive impact on the lives of others.

How to get involved

There are many ways to get involved with the Red Ribbon Club and Youth Red Cross Society. You can:

1. Volunteer your time to help with club activities.
2. Attend club events and meetings.
3. Donate to the club.
4. Spread the word about the club's mission.

Conclusion

I encourage you to get involved with the Red Ribbon Club and Youth Red Cross Society. These organizations are making a difference in the world, and you can be a part of that difference.

Thank you.

Principal of our college encouraged and appreciated the winners of Red Run

In conclusion, the Red Run 5k Marathon emerged as a powerful platform for raising awareness about HIV/AIDS, fostering community solidarity, and driving positive change. Through the collective efforts of organizers, participants, and supporters, the event succeeded in shining a spotlight on an important health issue, while inspiring hope and resilience in the fight against HIV/AIDS. As we reflect on the success of this event, let us remain steadfast in our commitment to creating a world free from HIV/AIDS-related stigma and discrimination, where everyone can live healthy and fulfilling lives.

Youth Fest - 2023-24

1. ABHIVYAKTI, THE RED SHOW (Drama) 04-10-2023

YOUTH RED CROSS

RED VOLUNTEERS IN MEDICAL CAMP

Location: Indian Red Cross Society, Rjy.
Date: 12.10.2023
No. of Volunteers: 30

Introduction:

The medical camp held on 12.10.2023 at IRCS, RJY near Kotipalli Bus Stand aimed to provide healthcare services to the underprivileged and marginalized communities in the area. The success of such initiatives largely relies on the dedication and commitment of volunteers who selflessly contribute their time, skills, and efforts to ensure the smooth functioning of the camp and the well-being of its attendees.

Volunteer training covered areas such as patient registration, medical assistance, crowd management, and emergency response.

Roles and Responsibilities:

Volunteers played diverse roles throughout the medical camp, ensuring its efficient operation and the delivery of quality healthcare services. These roles included:

1. **Patient Registration:** Volunteers facilitated the registration process, collecting essential information from attendees and directing them to appropriate medical personnel.
2. **Medical Assistance:** Trained volunteers assisted healthcare professionals in conducting basic medical examinations, administering medications, and providing first aid to patients.
3. **Crowd Management:** Volunteers managed the flow of attendees, ensuring orderly queues and minimizing congestion to maintain a conducive environment for medical consultations and procedures.
4. **Logistics Support:** Some volunteers were responsible for logistical tasks such as setting up and dismantling equipment, arranging seating areas, and ensuring cleanliness and hygiene at the venue.
5. **Translation Services:** Bilingual volunteers provided translation services for non-native speakers, facilitating communication between patients and medical staff to ensure accurate diagnosis and treatment.

Impact and Outcomes:

The contributions of volunteers significantly enhanced the effectiveness and reach of the medical camp. Their efforts resulted in:

1. **Increased Accessibility:** Volunteers facilitated the smooth operation of the camp, reducing waiting times for patients and ensuring that a greater number of individuals could access healthcare services within the stipulated timeframe.
2. **Improved Patient Experience:** The presence of volunteers created a welcoming and supportive atmosphere, reassuring patients and addressing their concerns, thereby enhancing their overall experience during the medical camp.
3. **Community Engagement:** Through their active participation, volunteers fostered a sense of community engagement and solidarity, encouraging individuals to take proactive steps towards their health and well-being.
4. **Capacity Building:** Volunteering opportunities provided valuable learning experiences for participants, equipping them with practical skills, empathy, and a deeper understanding of healthcare issues, thereby fostering personal growth and professional development.

Conclusion:

The successful execution of the medical camp would not have been possible without the invaluable contributions of volunteers who dedicated their time and efforts towards a noble cause. Their selfless service exemplifies the spirit of compassion and solidarity, making a positive difference in the lives of the underserved and marginalized populations. Moving forward, continued support and recognition of volunteers' contributions are essential for the sustainability and success of similar healthcare initiatives in the future.

This report highlights the indispensable role of volunteers in the medical camp and acknowledges their invaluable contributions towards promoting health equity and community well-being.

Volunteers are very happy to serve the community and they learn some medical techniques by helping the Doctors in the medical camp.

Certification Program to the Indian Red Cross Society Volunteers

On **November 15, 2023**, a certification program was organized for the dedicated volunteers of the Indian Red Cross Society (IRCS). The program aimed to enhance the skills, knowledge, and capabilities of the volunteers, enabling them to better contribute to the humanitarian efforts of the organization.

Objectives:

1. Skill Enhancement:
2. Certification of Recognition:
3. Networking and Collaboration:

The program commenced with an inaugural session featuring the Keynote by the Chairman **Dr. Ramachandra R.K**. The principal of our college emphasized the primary goal of IRCS volunteers in areas such as first aid, disaster response, and community health with a small impactful story. The guest speaker of this program Dr. GNPABS Mahalakshmi, MC member, appreciated the volunteers for their commitment and service to the community. Another speaker Sri. G. Anantha Rao, MC member, quotes about the importance of this certificate. Sri. Y. Prakash Kumar, District Coordinator of IRCS and Sri. G. Raviteja IRCS coordinator Organized

this program. The speakers highlighted the significance of volunteerism, the impact of the Red Cross, and the importance of ongoing education and training.

Here some of the students shared their experiences, best practices, and established a network for future endeavors.

Outcomes:

The certification program received positive feedback from the volunteers, who expressed increased confidence in their abilities to respond to emergencies and contribute effectively to community welfare. The formal recognition through certificates was a source of motivation for the volunteers, reinforcing their commitment to the humanitarian goals of the Indian Red Cross Society.

The certification program served as a significant milestone in the ongoing efforts of the Indian Red Cross Society to empower and equip its volunteers. Moving forward, continuous training and education programs will be essential to ensure that volunteers remain prepared and capable of addressing the ever-evolving challenges faced by communities in need. The commitment and enthusiasm displayed by the volunteers during this program bode well for the future success of the Government College Autonomous, Rajahmundry, Indian Red Cross Society's humanitarian initiatives.

Government College Autonomous, Rajahmundry

AIDS DAY - Awareness Campaign

World AIDS Day is observed at our college on December 1st each year to raise awareness about HIV/AIDS and commemorate those who have lost their lives to the disease. In our college, an extensive awareness program was conducted by the **Red Ribbon Club & Indian Red Cross** Society to educate students, faculty, and staff about HIV/AIDS prevention, treatment, and support in Collaboration with **NCC and NSS units**.

Objectives:

- Raise awareness about HIV/AIDS.
- Promote understanding and reduce stigma associated with the disease.
- Encourage voluntary HIV testing and counseling.
- Provide information about preventive measures.

The program began with an inaugural ceremony featuring speeches by **Dr. C. Krishna garu**, Regional Joint Director and Vice Principal **Dr. T. Sony garu**. The ceremony aimed to set the tone for the day's activities and emphasize the importance of the cause. A pledge was done by the participants regarding the stigma of HIV/AIDS. Later we started a rally to Y-Junction from our college with the cooperation of NCC cadets and nearly 500 students actively participated in this program with catchy slogans loudly pronounced throughout the rally. The people who were going on the road stayed to see our activity and were enlightened about HIV/AIDS.
Sri. G. Raviteja, RRC & IRCS coordinator facilitated Red Ribbons, Snacks and Water to the participants.

Outcome:

The World AIDS Day Awareness Program in our college successfully achieved its objectives. The event not only educated the participants about HIV/AIDS but also fostered an environment of empathy and understanding. The engagement of students in this activity demonstrated their commitment to breaking the stigma surrounding the disease and promoting a culture of inclusivity.

Moving forward, it is crucial to sustain the momentum generated by this event and integrate HIV/AIDS awareness into the college curriculum and ongoing health initiatives. This will ensure a continuous and comprehensive approach to combating the spread of HIV/AIDS and supporting those affected by it.

This program was successfully conducted with collaboration of Dr. E. Yousuf Basha, Smt. K. Anusha from NCC and Dr. Mallikharjun, Smt. Bhavani, Smt. Subhashini Devi, Sri. P. Murali Krishna and Smt. Jareena from NSS units and the faculty from the various departments.

VIKSIT BHARAT@2047

Introduction

The Viksit Bharat@2047 Program, hosted by our college, served as a platform to share innovative ideas and proposals aimed at fostering the development of India. Held from 11-12-2023 to 25-12-2023, the event brought together students (625), faculty, experts, and stakeholders from various fields to brainstorm and collaborate on initiatives that could contribute to India's progress by the year 2047, marking 100 years of independence. This report provides an overview of the event, key discussions, proposed ideas, and potential implications.

Organization:

The event was meticulously organized by a dedicated team of students, faculty advisors, and staff members, in collaboration with external partners. Extensive planning went into curating the agenda, inviting speakers, coordinating logistics, and promoting participation to ensure the success of the program.

Key Discussions:

The program featured a series of keynote addresses, panel discussions, workshops, and interactive sessions, covering a wide range of topics pertinent to India's development agenda. These discussions included but were not limited to:

- Economic Growth and Sustainable Development
- Education and Skill Development
- Healthcare and Public Health Initiatives
- Infrastructure and Urban Development
- Technology and Innovation
- Social Welfare and Inclusive Growth

Experts and thought leaders from academia, government, industry, and civil society shared insights, best practices, and case studies, sparking meaningful dialogue and exchange of ideas among participants.

Activities

1. **Posters, Banners** that contain the information in an attractive manner along with webpage link and QR code. These should be designed and placed in such manner that students can easily scan QR code for the #Ideas4ViksitBharat portal.
2. **Notices on Notice board** are also used for the easy accession of students.

3. **A Selfie Booth** placed at the entrance of the college with catchy slogans like, I have shared my idea for ViksitBharat@2047, Have you? And also having the QR code and Weblink

4. **Class representatives** sit with classmates to **discuss** the campaign and ensure greater participation.

5. **Feedback -** after sharing their ideas students are very happy to have this opportunity.

6. Proposed Ideas:

Participants actively engaged in brainstorming sessions and group activities to generate innovative ideas and proposals for India's development. Some of the key ideas that emerged from the program include:

- ❖ Implementing a nationwide digital literacy program to bridge the digital divide and empower citizens with essential digital skills.
- ❖ Establishing innovation hubs and technology parks in tier 2 and tier 3 cities to promote entrepreneurship and create employment opportunities.
- ❖ Enhancing the accessibility and affordability of healthcare services through the use of telemedicine and mobile health clinics.
- ❖ Introducing reforms in agricultural practices and supply chains to improve productivity, sustainability, and farmer livelihoods.
- ❖ Strengthening vocational training programs to equip youth with industry-relevant skills and promote vocational education as a viable career pathway.

Conclusion:

In conclusion, the Vikisit Bharat@2047 Program served as a catalyst for innovation, collaboration, and action towards India's development journey. By leveraging the collective wisdom and creativity of the college community, the event generated a rich tapestry of ideas and proposals that have the potential to shape India's future trajectory positively. As we move forward, let us continue to champion innovation, inclusivity, and sustainable development to realize the vision of a prosperous and progressive India by 2047.

Blood Donation Camp

Organized by: Youth Red Cross, Government College (Autonomous), Rajahmundry

Collaborating Partner: Indian Bank, Rajahmundry

Date: 05.08.2024

Venue: Government College (Autonomous) Campus, Rajahmundry

Introduction

A blood donation camp was successfully organized by the Youth Red Cross of Government College (Autonomous), Rajahmundry, in collaboration with Indian Bank, Rajahmundry in the remarkable speech by the principal Dr. Ramachandra R.K. This initiative was aimed at promoting the importance of blood donation and contributing to the local healthcare facilities by providing a steady supply of blood to those in need.

Objectives of the Camp

The camp was organized with the following objectives:

1. To raise awareness about the importance of blood donation.

2. To encourage youth participation in social welfare activities.

3. To support hospitals and blood banks with much-needed blood supplies.

4. To create a culture of regular, voluntary blood donation among students and the community.

Preparation and Organization

With the joint efforts of the Youth Red Cross volunteers and the staff of Indian Bank, the camp was meticulously organized, with careful planning and adherence to health protocols. The venue at Government College (Autonomous) was prepared with all necessary arrangements, including:

- Registration and information desks.

- Sanitation and hygiene stations.

- Comfortable seating and relaxation areas for donors post-donation.

- Medical support staff and equipment to ensure safe blood collection.

Participation

The camp saw enthusiastic participation from students, faculty, and local community members. A team of medical professionals from Government Hospital, Rajahmundry was present to ensure that each donor met the health criteria for safe donation. The response from the college community was overwhelming, with many first-time donors stepping forward to contribute. A total of 23 units of blood were collected during the camp.

Health and Safety Measures

Given the ongoing health and safety concerns, strict protocols were followed throughout the event. All donors were screened for eligibility, and social distancing measures were maintained. Each donor was provided with a brief health check-up to ensure they were fit to donate. Face masks and sanitizers were made available for all participants.

Impact and Outcome

The camp was a resounding success, both in terms of participation and the volume of blood collected. The donated blood units were handed over to the Government blood bank to assist patients in need, supporting critical cases such as accident victims, surgical patients, and individuals with chronic blood disorders. This event not only met its goals but also left a positive impact on the student body, instilling a sense of social responsibility and compassion.

Acknowledgments

The Youth Red Cross of Government College (Autonomous) extends its heartfelt gratitude to Indian Bank, Rajahmundry, for their support by providing fruits, Dust bins and collaboration in making this event possible. Special thanks to the medical staff, volunteers, college administration, and all donors for their contributions.

Conclusion

The blood donation camp served as a reminder of the power of community and the positive change that can be achieved through collective effort. By successfully organizing this event, the Youth Red Cross has set a strong example of leadership in social service, and the college community looks forward to conducting similar initiatives in the future.

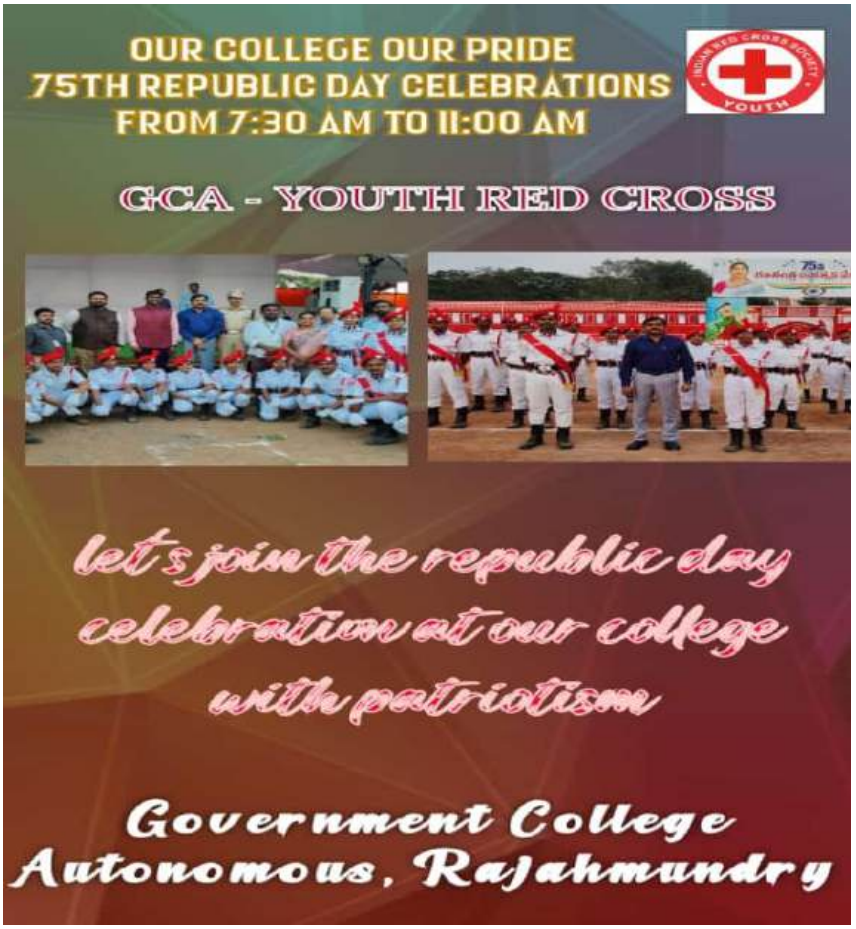
Republic Day Celebrations - 2024

GCA - Youth Red Cross

Title: Vibrant Republic Day Celebrations by Youth Red Cross at Government College (A), Rajahmundry



The Youth Red Cross (YRC) wing of Government College (A) in Rajahmundry orchestrated a vibrant and patriotic Republic Day celebration, marking the 73rd anniversary of India's constitution coming into effect with Fifty volunteers with Red Cross White uniform with Ceremonials. The event was a testament to the enthusiasm and dedication of the college's youth in upholding the spirit of unity and patriotism.

The celebrations commence with a flag hoisting ceremony at the college premises, led by the Principal, highlighting the essence of national unity and pride. The tricolor fluttered majestically against the azure sky, evoking a sense of reverence among the attendees. Here 25 YRC volunteers participated in the Parade at ground with high patriotism.

25 YRC volunteers were involved in the District level parade led by the District Collector along with Police, NCC units.

The YRC members, adorned in traditional attire, organized a parade along with NCC and NSS units that showcased the rich diversity and cultural heritage of India.

A highlight of the event was a tableau showcasing India's journey from independence to progress, depicting key milestones, eminent leaders, and achievements in various fields. This visual representation captivated the audience and served as a reminder of the sacrifices made by our freedom fighters and the progress the nation has achieved.

The celebrations culminated with a fervent pledge by the YRC members and attendees to uphold the values enshrined in the Constitution, promote national unity, and contribute actively to the nation's development.

The Principal praised the YRC's efforts in organizing a memorable and impactful Republic Day celebration, emphasizing the importance of youth engagement in

nation-building activities. The event not only fostered a sense of patriotism but also encouraged active participation in social causes, reflecting the college's commitment to holistic development. **Some of the Volunteers of YRC received Best Volunteers and Best Blood Donors awards on this occasion**.

Overall, the Republic Day celebrations by the Youth Red Cross at Government College (A), Rajahmundry, were a resounding success, embodying the spirit of unity, diversity, and national pride.

World Tuberculosis Day

Awareness program to the Public - “Yes!We can end TB”

(Outreach Program)

GCA - YRC
Participated students: 15 members
Date: **24-03-2024**
Title: YRC Volunteers Spread Tuberculosis Awareness at Bus Stands and Railway Stations on World Tuberculosis Day

Youth Red Cross (YRC) volunteers from Government College (A), Rjy in the city came together on World Tuberculosis Day to raise awareness about tuberculosis (TB) and its prevention under the support of Honourable principal sir Dr. Ramachandra R.K. The initiative aimed to educate the public, especially commuters at bus stands and railway stations, about TB's signs, symptoms, and the importance of early diagnosis and treatment.

The volunteers, equipped with informational pamphlets and posters, engaged with commuters at busy transit points, seizing the opportunity to disseminate crucial information about TB. They explained the causes of TB, its transmission, common symptoms such as persistent cough, fever, weight loss, and night sweats, and the significance of seeking medical help promptly.

Interactive sessions were conducted, allowing commuters to ask questions and clarify misconceptions about TB.

The campaign received positive feedback from commuters, who appreciated the volunteers' efforts in raising awareness about a critical health issue. Many expressed their intention to get screened for TB and encouraged others to do the same, contributing to the overall goal of reducing TB burden in the community.

The YRC coordinator expressed their satisfaction with the **outreach activities**, noting that such initiatives not only benefit individuals but also contribute to public health awareness on a larger scale. They emphasized the need for continued efforts in TB prevention and control through community engagement and education.

In conclusion, the YRC volunteers' tuberculosis awareness campaign at bus stands and railway stations on World Tuberculosis Day was a commendable effort to inform and empower the public in the fight against TB. Their proactive approach and

dedication to public health exemplify the spirit of youth-led initiatives in creating healthier communities.

First Aid Training

Report on Three-Day First Aid Training for Students

Government College Autonomous, Rajahmundry.

Date: 04-04-2024 to 06-04-2024 (3days)

No. of Participants : 374

Introduction:

A comprehensive three-day First Aid Training program was organized at our college by YOUTH RED CROSS & RED RIBBON CLUB from 04-04-2024 to 06-04-2024, aiming to equip students with essential first aid knowledge and skills. The program was conducted by certified first aid trainers from Indian Red Cross Society, East Godavari Branch and targeted students from various disciplines, underscoring the importance of prompt response in medical emergencies. The training was held in different classrooms, with 90-130 students participating.

Day 1: Basics of First Aid and Emergency Response

Objective: To introduce students to the fundamentals of first aid and basic emergency response techniques.

The first day of training began with a brief introductory session on the principles of Red Cross, importance of first aid knowledge in everyday life and its impact during emergencies. Trainers covered:

Understanding First Aid: Definition, objectives, and the role of a first aider.

Assessing the Situation: Steps for identifying emergencies, assessing surroundings, and understanding basic response protocols.

Basic First Aid Skills: Checking vital signs, the ABCs (Airway, Breathing, Circulation), and initial treatment priorities.

Handling Emergency Situations: Effective communication, calling for help, and staying calm.

The day concluded with practical demonstrations of how to approach and assess an injured person, as well as hands-on practice for students in groups.

Day 2: Practical Application of First Aid Techniques

Objective: To develop hands-on skills in addressing common injuries and emergencies.

The second day focused on practical, scenario-based learning, where students engaged in:

CPR (Cardiopulmonary Resuscitation): Students were taught and practiced CPR techniques on mannequins, covering both adult and pediatric CPR.

Management of Wounds and Bleeding: Techniques for cleaning wounds, applying dressings, and managing bleeding with pressure application.

Dealing with Fractures and Sprains: How to stabilize fractures, create makeshift splints, and manage dislocations.

Burn and Heat Stroke Management: Basic treatment for burns and heatstroke, with steps for cooling, covering, and preventing further injury.

Trainers supervised each activity, offering feedback and ensuring students could apply techniques confidently.

Day 3: Specialized First Aid Skills and Certification

Objective: To cover specialized topics, conduct evaluations, and issue certifications.

The third day covered specialized topics and concluded with an assessment of students' first aid skills. Key areas included:

Handling Choking and Respiratory Distress: Techniques to assist someone choking (Heimlich maneuver) and how to handle respiratory emergencies.

Poisoning and Allergic Reactions: Identification of symptoms, prevention, and basic first aid for poisoning and severe allergies.

Emotional and Psychological First Aid: Understanding the importance of providing emotional support to injured individuals.

Practical Test and Feedback Session: Each student was assessed on CPR, wound care, and fracture management, and received feedback from trainers.

The training concluded with a brief ceremony, where each student was awarded a First Aid Certification, acknowledging their readiness to respond effectively to emergencies.

Conclusion:

The First Aid Training program proved invaluable, as students gained both theoretical and practical insights into first aid. Feedback from participants highlighted increased confidence in handling emergencies and a strong desire to maintain and build upon their skills. The college plans to organize follow-up sessions and advanced training to foster a campus culture of safety and preparedness.

Acknowledgments:

We extend our gratitude to the Indian Red Cross Society, East Godavari, Andhra Pradesh, the college administration, and all students who actively participated in making this event a success.

RED CROSS DAY

Date: 08-05-2024

No. of participants

Report on Red Cross Day Celebration and Blood Donation Event

Introduction:

On May 8th, 2024, observed Red Cross Day to honor the humanitarian efforts of the Red Cross and Red Crescent Movement. The event was held in the Chamber of the Principal, followed by a participation in a district-level celebration at the Indian Red Cross Society (IRCS), East Godavari District branch, where faculty and students engaged in a blood donation drive.

Red Cross Day Celebration at the Principal's Chamber:

The program began in the Chamber of the Principal, Dr. Ramachandra R.K. with an introductory speech on the significance of Red Cross Day, celebrated globally on May 8. The Principal highlighted the history and mission of the Red Cross, emphasizing values of humanity, impartiality, and voluntary service. Students and faculty members gathered to mark the occasion, appreciating the organization's contributions to emergency response, disaster relief, and health services worldwide.

Key Highlights:

1. Awareness Session: The Principal discussed the importance of promoting health, peace, and unity, especially in the context of local needs. This included recognizing the efforts of the Red Cross volunteers in community welfare.

2. Pledge to Support Humanity: The attendees collectively took a pledge to contribute towards humanitarian causes in their community, aligning with the Red Cross's mission of preventing and alleviating human suffering.

3. Encouragement for Blood Donation: As part of the event, the Principal motivated students and staff to consider blood donation as a life-saving act and encouraged them to join the organized blood donation camp.

After the formal celebration, the students and faculty members were escorted to the IRCS East Godavari District branch to participate in a blood donation drive.

Event at IRCS East Godavari District Branch and Blood Donation:

The IRCS East Godavari District branch hosted a larger event commemorating Red Cross Day, inviting various organizations, local authorities, and volunteers. This gathering served as a reminder of the Red Cross's ongoing efforts in health, welfare, and emergency response within the district.

Blood Donation Drive Highlights:

1. Welcome Address and Information Session: A brief orientation was given by [Dr. Sita mahalakshmi, EC member & Sri. Vijay Prakash, Project Manager, highlighting the urgent need for blood donations in the region, particularly for thalassemia patients, emergency cases, surgeries, and accident victims.

2. Blood Donation Process: The students underwent a preliminary health screening, including hemoglobin level checks, to ensure eligibility for donation. Once cleared, they proceeded to donate blood under the guidance of trained medical staff.

3. Support and Acknowledgment: Each donor received refreshments and a token of appreciation from IRCS for their selfless act. The IRCS officials also acknowledged the efforts of Govt. College Autonomous, Rajahmundry for actively participating in the humanitarian initiative.

Conclusion:

The celebration of Red Cross Day served as an inspiring reminder of the core values of compassion, humanity, and voluntary service. Participation in the blood donation drive at the IRCS East Godavari District branch reinforced these values, as students and staff came together to make a tangible contribution to society. The event was a success, fostering a sense of responsibility and community service among the attendees, and the institution looks forward to organizing more initiatives in collaboration with IRCS in the future.

Acknowledgments:

We extend our sincere thanks to the Principal, the IRCS East Godavari District branch, and all participants for their active involvement, making the Red Cross Day celebration and blood donation drive meaningful and impactful.
